Data Sheet

Product description.

7/0.2mm Type K PFA Alu/Myler IEC Thermocouple Cable.

Applicable standards

BS 4937

BSEN 60584.2 relevant parts

All comparable international standards.

Construction.

Seven Strands of 0.2mm OD thermocouple alloys.

Each leg bunched

PFA extruded (Green / White)

Pair twisted with a drain wire

Alum/polyester taped

PFA extruded overall (Green)

Conductor material.

Positive leg - Nickel/Chrome - Insulated Green

Negative leg - Nickel/Aluminium - Insulated White

Insulation Maximum operating Temperature.

260 Degrees C

Health and Safety information.

No personal protective equipment required when used under normal operating conditions. Product represents no health risk when used under normal conditions

In case of fire use water

In case of smoke inhalation during combustion remove casualty to fresh air and seek medical attention.

In case of ingestion seek medical attention

Good industrial hygiene practices should be followed.
